Section 1. WORK TO BE PERFORMED.

Section 2. TIME OF BEGINNING AND COMPLETING WORK. The Contractor shall begin operations under this contract upon a date to be specified in a written order from the General Supervisor and the Contractor shall fully complete all work hereunder within the time limits stated in the Contractor's Proposal. Should the Contractor be delayed in the execution of the contract by any valid causes beyond his control, such as Acts of God, fire, flood or other causes deemed valid by the General Supervisor, the Contractor may submit a claim for an extension of the prescribed time limit. To receive consideration, such claim or claims shall be filed in writing, with a full statement of the reasons therefor, within seven (7) days of the occurrence of the delay. The decision of the General Supervisor regarding extension of time will be final.

Section 3. CITY, CONTRACTOR, AND GENERAL SUPERVISOR DEFINED. Whenever the words defined in this section occur in this contract and in the specifications, they shall have the meaning given below:

CITY: The word "City" shall mean the City of Danbury, CT.

CONTRACTOR: The word "Contractor" shall mean the party above designated.

GENERAL SUPERVISOR: The word "General Supervisor" shall mean the _____ of the City of Danbury, CT, acting either directly or through his personally authorized agent.

Section 4. GENERAL SUPERVISOR TO DETERMINE. It is agreed by the parties to this contract that the General Supervisor for the City shall in all cases determine the amount and character of the work to be done and to be paid for under this agreement, the quality and acceptability of the materials to be used therein, and shall decide all questions that may arise relative to the intent and fulfillment of this contract. His estimate and decisions shall be final and conclusive and shall be a condition precedent to the right of the Contractor to receive any payments under this agreement.

Section 5. ABSENCE OF CONTRACTOR. Whenever the Contractor is not present at the work when it may be desired to give instructions, orders may be given by the General Supervisor, or his agent, to the superintendent or foreman who may have charge of the work at the time, and he shall receive and obey such orders forthwith.

Section 6. DISCREPANCIES, ERRORS AND OMISSIONS. The plans and specifications are intended to be explanatory of the work to be done and of each other, but should any discrepancies, errors or omissions appear they shall be **subject** to correction and interpretation by the General Supervisor thereby defining and fulfilling the intent of this contract. If any part of the work is omitted in the specifications, whether intentionally or otherwise, when the same is clearly shown or indicated on the drawings, or is usually and customarily required to complete fully such work as is specified herein, the Contractor will not be entitled to extra compensation, but the said fixtures or work, or both, shall be installed or done the same as if called for both by the drawings and by the specifications.

increase or diminish the quantity of work to be done, adjustment for such increase or decrease shall be made at the unit prices stipulated for such work under this contract, except that if unit prices are not stipulated for such work, compensation for increased work shall be made under the item for Extra Work, and for decreased work the Contractor shall allow the City a reasonable credit as determined by the General Supervisor. If such alterations diminish the quantity of work to be done, they shall not warrant any claim for damages or for anticipated profits on the work that is dispensed with.

Section 8. OBLIGATIONS OF CONTRACTOR. The Contractor shall do all the work and furnish all the materials, equipment, tools, and appliances necessary or proper for performing and completing the work required by this contract within the allowed time. He shall complete the entire work to the satisfaction of the General Supervisor and in accordance with the plans and specifications forming a part of this contract and the directions of the General Supervisor as given during the progress of the work, at the prices agreed upon and fixed therefor.

The Contractor shall conduct his work so as to interfere as little as possible with private business and public travel. He shall, at his own expense (except as provided in the General Specifications in respect to traffic officers) whenever necessary or required, maintain fences, furnish watchmen, maintain lights, and take such other precautions as may be necessary to protect life and property.

The Contractor shall take responsibility for the work done under this contract, for the supervision and protection of the work, and for the prevention of injuries to persons and damage to property and utilities on or about the work.

Section 9. COMPETENT AND SUFFICIENT WORKERS. Sufficient and competent workers shall be employed by the Contractor to complete the work in the specified time. If, in the opinion of the General Supervisor, the Contractor shall employ personnel who are incompetent or unfaithful in the performance of the work, they shall be removed from the job at the request of the General Supervisor.

Section 10. EXAMINATION OF WORK. The General Supervisor shall be furnished with every reasonable facility for ascertaining that the work is in accordance with the requirements and intention of this contract, even to the extent of uncovering or taking down portions of finished work. Should the work thus exposed or examined prove satisfactory, the uncovering or taking down and replacement of material and rebuilding of the work shall be considered as extra work unless the original work was done in the absence of the General Supervisor or his inspector without his written authorization. Should the work exposed or examined prove unsatisfactory, the uncovering, taking down, replacing, and making good, shall be at the expense of the Contractor.

Section 11. REJECTED MATERIALS AND DEFECTIVE WORK. Materials of whatever kind furnished by the Contractor and condemned by the General Supervisor as unsuitable or not in conformity with the specifications shall forthwith be removed from the working area by the Contractor, and shall forthwith be removed elsewhere in the work. Any errors, defects or omissions in the execution of the work or in the materials used in the work even though they may have been passed or overlooked or have appeared after completion of the work and discovered at any time before the final payment is made hereunder, shall be forthwith rectified and made good by and at the expense of the Contractor and in a manner satisfactory to the General Supervisor. The Contractor shall reimburse the City for any expense, losses or damages incurred in consequence of any defect, error, omission or act of the Contractor or his employees, as determined by the General Supervisor occurring previous to the final payment.

The presence of a General Supervisor during construction will in no wise relieve the Contractor of his liability for defective work or materials. The Contractor shall repair, at his own expense, any defective work occurring within a period of one (1) year from the time of completion of the contract. The Contractor shall bear all losses resulting to him or the City on account of the work, or because the nature of the land in or on which the work is done is different from what was estimated or expected, or on account of the weather, elements or other causes.

Section 12. INSURANCE. The Contractor shall not commence work under the contract until he has obtained all insurance required under this article and such insurance has been approved by the City, nor shall the Contractor allow any subcontractor to commence work on his subcontract until all similar insurance required of the subcontractor has been so obtained and approved. Certificates of such insurance shall be filed with the City and shall be subject to the approval of the City for adequacy of protection before the execution of the contract.

All policies relating to this contract shall be so written that the City shall be notified of cancellation or change at least thirty (30) days prior to the effective date of such cancellation or change.

Certificates from the insurance carrier shall be filed in triplicate with the City and shall state the limits of liability and the expiration date for each policy and type of coverage. The City of Danbury shall be named as an additional insured.

Said replacement coverage shall be obtained within twenty-four (24) hours and the City shall be notified thereof.

Section 13. DAMAGE, SUITS AND CLAIMS. The Contractor covenants and agrees to and shall at all times indemnify, protect and save harmless and defend the City from and against all costs or expenses resulting from any and all losses, damages, detriment, suits, claims, demands, costs and charges, including attorneys' fees, if any, which the City may directly or indirectly suffer, sustain or be subjected to by reason or on account of the work to be performed pursuant to this contract or any activities in connection with said contract, or on account of any claim for patent, trademark or copyright infringement, whether such losses and damages be suffered or sustained by the City directly or by its employees, licensees or invitees or be suffered or sustained by other persons or corporations who may seek to hold the City liable therefor. The City may withhold such portions of any payments that may be due hereunder as may be considered necessary to cover any suits and claims until they have been settled and satisfactory evidence to that effect has been furnished to the City. This section shall also apply to "extra work" and all other operations by the Contractor in connection with this contract.

Section 14. CLAIMS AND LIENS. The Contractor shall pay punctually the workers who are employed on the work and the parties who have furnished materials, and shall give the City satisfactory evidence that all parties who have done work or furnished materials have been fully paid. If the Contractor shall fail to give such satisfactory evidence to the City, the City may withhold from the payment otherwise due the Contractor hereunder such sums of money as will in its judgment cover such claims, or the City may pay such claims and charge the same to the account of the Contractor.

Section 15. NOT TO SUBLET. The Contractor shall give his personal care and attention to the faithful prosecution of the work, shall keep the work under his personal control and shall not assign or sublet the work or any part of the work, and shall not assign any of the money payable under this agreement, or his claim thereto, except by and with the consent of the City. No such consent by the City shall operate to relieve the Contractor from any obligation or liability hereunder or modify the obligations or liabilities of the Contractor to the City.

Section 16. WORK MAY BE SUSPENDED. Construction work may be temporarily suspended at any time on account of the weather or for any other reason, if deemed necessary or advisable by the General Supervisor of the City without additional compensation to the Contractor.

Section 17. TERMINATION WITHOUT CAUSE. City may terminate this Contract at any time without cause by giving thirty (30) days written notice to Contractor. As soon as practicable after receipt of a written notice of termination without cause, Contractor shall submit a statement to the City showing in detail the Services performed under this Contract through the date of termination. In the event of termination without cause pursuant to this Section, City agrees to: (i) pay Consultant a pro rata amount of the purchase price for Services rendered through the termination date based on percentage of completion of the services; and (ii) pay Contractor any reasonable and unavoidable additional costs and expenses which Contractor incurs or becomes obligated for prior to the effective termination date and/or as a result of such termination. The forgoing payment obligation is contingent upon Contractor having provided City with written documentation reasonably adequate to verify the above payments to Contractor for such termination.

Section 18. CITY'S RIGHT TO STOP WORK OR TERMINATE CONTRACT FOR CAUSE. If (a) the Contractor shall be adjudged bankrupt or make an assignment for the benefit of creditors; or (b) a receiver or liquidator shall be appointed for the Contractor or for any of his property and shall not be dismissed within twenty (20) days after such appointment, or the proceedings in connection therewith shall not be stayed on appeal within the said twenty (20) days; or (c) the contractor shall refuse or fail, after Notice of Warning from the General Supervisor, to supply enough properly skilled workers or proper materials, or (d) the Contractor shall refuse or fail to prosecute the work or any part thereof with such diligence as will insure its completion within the period herein specified (or any duly authorized extension thereof) and shall fail to complete the work within said period; or (e) the Contractor shall fail to make prompt payment to persons supplying labor or materials for the work or; (f) the Contractor shall assign this contract or any sums due hereunder or shall sublet all or any part of the work to be performed without the prior written consent of the City or; (g) the Contractor shall unnecessarily or unreasonably delay the work to be performed or; (h) the Contractor shall fail or refuse to regard laws, ordinances, or the instructions of the General Supervisor or otherwise be guilty of a substantial violation of any provisions of this contract; then, and in any such event, the City without prejudice to any other rights or remedy it may have, may by seven (7) days notice to the Contractor terminate the employment of the Contractor and his right to proceed, and may take possession of the work and complete the work by contract or otherwise, as the City may deem expedient. In such case, the Contractor shall not be entitled to receive any further payment until the work is finished. If the unpaid balance of the compensation to be paid the Contractor hereunder shall exceed the expense of so completing the work (including compensation for additional managerial, administrative and inspection services and any damages for delay) such excess shall be paid to the Contractor. If such expense shall exceed such unpaid balance, the Contractor and his sureties shall be liable to the City for such excess. If the right to the Contractor to proceed with the work is so terminated, the City may take possession of and utilize in completing the work such materials, appliances, supplies, plant and equipment as may be on the site of the work and necessary therefor.

Section 19. RETAINAGE. The City may retain out of the money payable to the Contractor under this contract, the sum of five (5%) percent on the amount thereof, and may expend the same in the manner hereinafter provided for making repairs to the work as the City may deem expedient.

If, at any time within twelve (12) months following the completion of the work any part of the work constructed under the terms of this contract shall require repair, the City may notify the Contractor in writing to make the required repairs. If the Contractor shall neglect to make such repairs to the satisfaction of the City within (7) days of the date of giving or mailing of notice to the Contractor, then the City may cause the repairs to be made. The City shall pay the expense of any such repairs out of the sum retained for that purpose. Upon the expiration of the said 12-month period, provided that the work at that time shall be in good order, the Contractor shall be entitled to receive the whole or such part of the sum retained as may remain after the making of said repairs.

It is, however, agreed that the City may keep the whole or any portion of the sum retained, for settlement of all claims arising out of this contract against the City, its officials or agents, and for all expenses, losses or damages incurred by the City, by reason of said claims.

Section 20. EXTRA WORK: INCREASED COMPENSATION. The City may at any time, by written order, and without such notice to the sureties, require the performance of such Extra Work or change in the work as it may find necessary or desirable. The amount of compensation to be paid to the Contractor for Extra Work, as so ordered, shall be determined as follows:

- (a) By such applicable unit prices, if any, as are set forth in the Contract; or
- (b) If no such unit prices are set forth, then by a lump sum price mutually agreed upon by the City and the Contractor; or
- (c) If no such unit prices are set forth and if the parties cannot agree upon a unit price, then by the actual net cost to the Contractor of the materials and of the wages applicable (including premiums for Workers' Compensation Insurance) required for such Extra Work plus such rental for plant and equipment (other than small tools) required and approved for such work, plus fifteen (15%) percentum as compensation for all items or profit, and costs or expenses including, but not limited to administration overhead, superintendence, insurance (other than Workers' Compensation Insurance), materials used in temporary structures, allowances made by the Contractor to subcontractors, additional premiums upon the performance bond of the Contractor and the use of small tools.

The Contractor shall, when requested by the General Supervisor to do so, furnish itemized statements of the cost of the work ordered and give the General Supervisor access to the accounts, bills and vouchers relating thereto.

When extra work is ordered at any time during the progress of the work which requires, in the opinion of the General Supervisor, an increase of time for the completion of the contract, a suitable extension of the time of completion shall be granted.

Section 21. MODIFICATION OF CONTRACT. This contract is intended by the parties hereto as a final expression of their agreement and as a complete and exclusive statement of the terms thereof. No representation, understandings or agreements have been made or relied upon in the making of this contract other than those specifically set forth herein. This contract can only be modified by a writing signed by both parties hereto or by their duly authorized representatives. It is distinctly agreed that in the case of modification or amendment in or additions to this contract, so much of this contract as is not necessarily affected there by shall remain in full force and be binding upon the parties hereto; and that the making of such alterations, modifications, additions or amendments shall in no way annul, release or affect the liability of the parties hereto.

Section 22. COMPLIANCE WITH LAWS. The Contractor shall keep himself fully informed of all existing and future state and national laws and municipal ordinances and regulations in any manner affecting those engaged or employed in the work, or the materials used in the work, or in any way affecting the conduct of the work, and of all such orders and decrees of bodies or tribunals having any jurisdiction or authority over the same. If any discrepancy or inconsistency is discovered in the plans, drawings, specifications, or contract for this work in relation to any such law, ordinance, regulation, order, or decree, he shall forthwith report the same to the General Supervisor in writing. He shall at all times himself observe and comply with, and cause all his agents and employees to observe and comply with, all such existing and future laws, ordinances, regulations, orders and decrees; and shall protect and indemnify the City, its officials and agents against any claim or liability arising from or based upon violation of any such law, ordinance, regulation, order or decree, whether by himself or his employees.

Section 23. FINAL ESTIMATE AND PAYMENT. After the completion of the work to be performed hereunder, the General Supervisor shall, with all reasonable dispatch, make his final measurements and written estimate of all work done hereunder and the value thereof according to the terms of this agreement, and shall transmit said written estimate to the City, who shall within sixty (60) days thereafter pay to the said Contractor the money found to be due under this contract, including subsequent additions or modifications, if there be any, after deduction from said final estimate all sums, if any, due the City by the Contractor and all sums to be kept or retained by the City under the terms of the agreement for repairs or otherwise; and the Contractor shall by accepting said final estimate made as above described release the City and its employees, agents, etc. from any further claims or liabilities to him of whatever nature except for the remaining sum or sums of money withheld under the provisions of this agreement. The City may withhold from the Contractor so much of any approved payments due him as may be in the judgment of the City necessary (a) to assure the payment of just claims then due and unpaid of any persons supplying labor or materials for the work; (b) to protect the City from loss due to

defective work not remedied; or (c) to protect the City from loss due to injury to persons or damage to the work or property of other contractors, subcontractors, or others caused by the act or neglect of the Contractor or any of his subcontractors. The City shall have the right as Agent for the Contractor to apply any such amounts so withheld in such manner as the City may deem proper to satisfy such claims or to secure such protection. Such application of such money shall be deemed payments for the accounts of the Contractor.

Section 24. WAIVERS. Neither inspection by the City, nor any of its agents, nor any orders, measurement or certificate by the General Supervisor, nor any order by the City for payment of money, nor any payment for, nor acceptance of the whole or any part of the work by the City, nor any extension of time, nor any possession taken by the City or its employees shall operate as a waiver of any provision of this contract, or of any power herein reserved to the City, or any right to damages herein provided, nor shall any waiver of any breach of this contract be held to be a waiver of any other or subsequent breach. Any remedy provided in this contract shall be taken and construed as cumulative, that is, in addition to all other suits, actions, or legal proceedings, the City shall also be entitled as of right to a writ of injunction against any breach of any of the provisions of this contract.

Any Contractor who is not obligated by agreement to make payment or contribution on behalf of such employees to any such employee welfare fund shall pay to each employee as part of his wages the amount of payment or contribution for his classification on each pay day. Upon the award of any contract to which the aforementioned prevailing wage rate requirements apply, the Contractor to whom such contract is awarded shall certify, under oath, to the Labor Commissioner the pay scale to be used by such Contractor and any of his subcontractors for work to be performed under such contract.

In the event that the foregoing provisions do not apply to work to be performed hereunder, wages paid to any mechanic, laborer or worker employed upon the work herein contracted to be done shall nonetheless be at a rate equal to the wages customary or prevailing for the same work in the same trade or occupation prevailing in the City of Danbury and based upon the wage schedule and rates therein set by the U.S. Department of Labor for the Danbury area. The rates so established shall at all times be considered as the minimum rate for the classification for which it was established.

Section 29. LINES AND GRADES. The Contractor shall work to lines and grades as per plan or as determined by the General Supervisor.

Section 30. PERMITS. The Contractor shall, at his own expense, take out all necessary permits from the state, municipal, or other public authorities, shall give all notices required by law or ordinances, and shall post all bonds and pay all fees and charges incident to the due and lawful prosecution of the work covered by this contract.

Section 31. LIQUIDATED DAMAGES. Liquidated damages, if any, in the amount as stated in the Proposal, for each and every day of time consumed in completing the work under the contract beyond the time hereinbefore allowed for that purpose, will be assessed against the Contractor. If the payments due the Contractor are less than the amount of such liquidated damages, said damages shall be deducted from any other moneys due or to become due the Contractor, and in case such damages shall exceed the amount of all moneys due or to become due the Contractor, then the Contractor or his surety shall pay the balance to the City.

Section 32. PRICES. The City agrees to pay and the Contractor agrees to accept the prices specified in the Proposal herein submitted as full compensation for the executing of the work contemplated in this Contract. The Contractor shall submit its invoices monthly to the City and the City shall within thirty (30) days thereafter pay to the Contractor such sums as are represented thereby for all materials received and accepted by the City.

Section 33. BONDS FOR PROTECTION OF EMPLOYEES AND MATERIALMEN. The general Contractor shall include in each of its subcontracts a provision requiring each subcontractor to pay any amounts due any of its subcontractors, whether for labor performed or materials furnished, within thirty (30) days after such subcontractor receives a payment from the general Contractor which encompasses labor or materials furnished by such subcontractor.

S. C. Sec. 15, or under Chapter 624 of the General Statutes of Connecticut, arising out of the purchase of services, property or intangibles of any kind pursuant to a public purchase contract or subcontract. The delivering at the above-named place, or depositing in a postpaid wrapper directed to the above-name place, in the post office box regularly maintained by the Post Office Department, of any notice, letter or other communication to the Contractor shall be deemed sufficient service thereof upon the Contractor, and the date of said service shall be the date of such delivery or mailing. The first named address may be changed at any time by an instrument in writing, executed and acknowledged by the Contractor and delivered to the General Supervisor. Nothing herein contained shall be deemed to preclude or render inoperative the service of any notice, letter or other communication upon the Contractor personally.

However, if by mistake or otherwise, some such provisions are not herein inserted, or are not inserted in proper form, then on the application of either party, the Contract shall be amended so as to strictly comply with the law and without prejudice to the rights of either party hereunder.

Section 38. UNLAWFUL PROVISIONS DEEMED STRICKEN. All unlawful provisions shall be deemed stricken from this contract and shall be of no effect. On the application of either party, the unlawful part shall be considered stricken without affecting the binding force of the remainder of the contract.

Section 39. HEADINGS. The headings or titles to the sections hereof are not a part hereof and shall have no effect upon the construction or interpretation of any part hereof.
